

Judge's critiques from: **Mrs. Karin Linde Klerholm, Sweden**

**The Home Counties American Cocker Club**

Single Breed Championship Show

Sunday March 3<sup>rd</sup>, 2019

Stoneleigh Park, Warwickshire

First of all, I would like to thank the Home Counties American Cocker Club and Show Committee for inviting me to judge at this prestigious and well organized event. I had two very skillful ring stewards to aid me in the ring, Mr. Williams & Mr. Worgan, who guided me through the day and made my judging process smooth. Also thank you to the kitchen staff who supplied me with a delicious luncheon, helping me to keep my energy levels up throughout the day.

Everyone interprets the standard differently and my placings on the day were very much all coming down to what I feel epitomizes our lovely breed. A plush and well chiselled head with a soft expression, so distinct from all other Spaniel breeds and a body built for endurance both in the show ring as well as in the field, with a good firm topline and a "willing to please" temperament to go with it. That is what I am always on the lookout for when I judge the breed ! I did not have a single questionable temperament at this show, which is GREAT !

In some parts I wish I could be more positive about the overall quality of the exhibits at this show on this day, but sadly TRUE BREED TYPE was lacking in many of the exhibits. Correct heads, with the plushness in muzzle and chiselling under the eyes were unfortunately few and far between. I also had many questionable bites, which do not conform with the standard, asking for a "perfect, regular and complete scissor bite". Many of the exhibits carried a less desired topline, dropping off at the croup/tailset. According to the standard, the back should be strong, sloping evenly and slightly downwards from withers to set of tail. This is the hallmark of the American Cocker Spaniel, their outline should be "easy on the eyes" without any interruption.

Now on to my critiques:

**MP (7) 1.** Bryant & Nelson's **Nasailleen Roosevelt** Buff 6 months. Strong, masculine dog. Dark eyes and good muzzle, hope he doesn't broaden more in skull with age. Excellent coat. **Reserve Best Puppy**
